BOATMAN'S LICENCES – BY EXAMINATION

Please find enclosed the appropriate Boatmen's Licence application forms.

The charges are as follows:

Boatman's Licence (Restricted – By Examination)

£ 105.58

Boatman's Licence (Full - By Examination)

£ 159.14

The appropriate fee, along with application forms and insurance details (where applicable) are to be returned to Truro Harbour Office **before** any examination of either boat or boatman will be carried out.

You will also require an MCA ML5 Medical Report Form (copies can be download from our website), which should be completed and signed by your doctor, or alternatively please provide an equivalent medical examination, for example, C.A.A, PSV or HGV. Please contact us for clarification of acceptable alternatives to the ML5.

If you have any queries regarding the above, please do not hesitate to contact us.

Yours sincerely

Boatmen and Boat Operators 2022 Season

Reminders for 2022 Season

Boatmen and Boat Operators are reminded that they are responsible for maintaining valid Boat and Boatman Licences. A Boatman in charge of a licenced boat must have a valid Boatman's Licence which must be renewed annually on application and payment of the advertised fee. Spot checks will be implemented by harbour staff during the 2022 season.

Inflatable Lifejackets: This type of lifejacket is increasingly popular with boat operators and their customers; however, they require regular checks and annual maintenance.

For this type of lifejacket to be considered as part of the 100% provision for passengers and crew maintenance, records and evidence of regular checks will be required. A biannual independent check by a service agent will also be required evidenced by individual lifejacket service certificates or a group service certificate. We may request sight of the maintenance records.

Following a review of Boat and Boatman Licensing scheme, the industry best practice for the requirement to carry a liferaft in Cat. D waters has been included.

We have provided a list of hull and engine surveyors, but please let us know if there are any other companies you would like us to consider adding to the list.

A number of operators have not yet programmed their DSC VHF radios; we will be checking that a radio licence is held when we renew your licence this year.

The candidate will also be required to provide a medical certificate.

Seafarer Medical Report (ML5) and ML5 Certificate

This form is for use by the following applicants only. Please tick why you need this form/certificate:		
New applicant for an MCA Boatmaster's Licence (BML) or Certificate		
Revalidation or change of existing BML or Certificate		
Applicant for Royal Yachting Association (RYA) commercial endorsement, working no more than 60 miles from shore		
Crew on a seagoing Domestic Passenger Vessel (Class VI or VI(A))		
5. Master or Crew of a small commerical vessel certified for area category 2 to 6		
6. Current ML5 has expired, used for:		
BML RYA Commercial Endorsement		

Note: Boatmasters working as a Master on a seagoing passenger ship require a full seafarer medical certificate (ENG 1) following examination by an MCA Approved Doctor. An ENG 1 is always an acceptable alternative to an ML5 certificate. Details of the procedure for obtaining an ENG 1 and a list of Approved Doctors is available in a Merchant Shipping Notice and can be consulted on the GOV.UK webpage at: https://www.gov.uk/guidance/seafarers-medical-certification-guidance.

If you are unclear on what type of medical fitness certificate you need please refer to our website at https://www.gov.uk/guidance/seafarers-medical-certification-guidance or call us on 0203 81 72835.

TO THE APPLICANT - PLEASE READ THIS INFORMATION CAREFULLY

Please take a form of photographic identification with you to the ML5 Medical examination.

The purpose of the ML5 form is to obtain a factual report of your medical history and present state of health, enabling your doctor to decide on your fitness to navigate safely and undertake emergency duties.

Complete Part A of the form (but do not sign the declaration until you are with the doctor). The Doctor will complete Part B. If **Part B** shows all ticks in the "**NO**" boxes without any other remarks then the doctor will complete **Part C**, **the ML5 Medical Certificate**. This certificate confirms you are medically fit to hold a BML, RYA commercial endorsement or to work on vessels listed on this form. Once both the report and certificate have been completed, please take/send both to your local MCA Marine Office or RYA for the commercial endorsement as necessary. If you do not require a commercial endorsement, just keep your ML5 certificate ready for inspection when requested.

However, if you have a tick in any of the "YES" boxes on the inside of this report, or if you have any medical conditions noted in Section 9, your report will require further assessment by an MCA ML5 Medical Assessor. Your local MCA Marine Office or RYA (depending on what you wish to use your ML5 certificate for) can refer your report form to an MCA ML5 Medical Assessor once you have completed Part D – Medical Review. Please do not send your ML5 report directly to MCA Seafarer Safety and Health Team or your previous ML5 Medical Assessor, this will delay your application. If you are unclear on where you should send your form please call us on 0203 81 72835.

RYA applicants are advised to be medically assessed **before** starting any training, to ensure they meet the fitness and eyesight standards.

If you are based abroad and no UK GMC registered medical practitioner (holding a valid license to practice) is available, you are advised to obtain an ENG 1 certificate (or recognised equivalent) issued by an Approved Doctor; lists of Approved Doctors and recognised equivalent certificates are available on the MCA website as above.

I authorise my doctor(s) and specialist(s) to release reports/medical information about my condition relevant to my fitness, to the MCA Medical Assessor. I authorise the Secretary of State to disclose such relevant medical information as may be necessary to the investigation of my fitness, to my doctor/s and MCA Medical Assessors.

You MUST stop working if you become unfit due to illness or injury during the validity of your ML5 certificate. Even if this is a temporary change you are obliged to tell the issuing authority (MCA or RYA). For instance, if you have diabetes and your treatment changes from diet or tablets to insulin, you must immediately cease work and inform the issuing authority. You will need to obtain a new ML5 report and be medically reassessed before your license can be reinstated. If you fail to do so, your medical certificate will automatically be suspended.

NOTES FOR THE DOCTOR - Please read this information carefully

As the Doctor you must sign and date the declaration on page 8 when you and/or the Optician has completed the report. Only qualified medical practitioners fully registered and holding a valid UK Licence to Practice with the General Medical Council are permitted to complete this form. Please ensure that you confirm the applicant's identity before examination. We have advised the applicant of the need to produce photographic identification.

Vision Assessment: Only complete the vision assessment if you are able to fully and accurately complete <u>all</u> the questions. If you are unable to do this, you must advise the applicant of this and advise them to arrange to have this part of the assessment completed by an optician or optometrist.

Medical Report: This medical report and certificate is required for applicants who intend to work on commercially operated boats including passenger boats, either on inland waters or <u>at sea up to 60 miles from shore</u>. Therefore, in completing the form, please be aware of the applicant's work environment and responsibilities.

Routine duties could include:

- navigating the boat safely
- safely berthing and unberthing the boat
- helping passengers on and off the boat
- moving and lifting objects up to 30kg
- operating winches and handling ropes
- climbing access ladders

Emergency duties could include:

- rescuing persons from the water
- tackling a fire
- provision of first aid
- carrying out an evacuation of the boat
- climbing in and out of a liferaft at sea

Be aware that the safety of fare paying passengers may depend on the fitness of the applicant to operate the vessel in adverse sea and weather conditions. They need also to be capable of responding reliably and effectively to emergencies such as breakdown, collision or capsize that call for physical and mental resilience. The applicant should therefore not be subject to any increased likelihood of sudden incapacity that could prevent them returning the boat safely to its moorings.

You should establish the nature of the duties undertaken, as these may vary from work on calm inland waterways to the open sea. The vessel may have a number of crew members or the applicant may be the sole competent person on whom the safety of passengers depends.

You must examine the applicant fully and complete sections 1 - 10 of the medical assessment. Please obtain details of the applicant's medical history when you complete the report.

IF HAVING COMPLETED THE FOLLOWING REPORT THERE ARE NO TICKS IN A "YES" BOX AGAINST ANY OF THE QUESTIONS, AND YOU HAVE NO OTHER MEDICAL CONCERNS, PLEASE COMPLETE THE CERTIFICATE PROFORMA AT PART C AND RETAIN A COPY FOR VERIFICATION PURPOSES. OTHERWISE PLEASE LEAVE THE CERTIFICATE BLANK.

Once you have completed the report please return both the report and certificate (if you have issued one) to the seafarer. If any medical concerns are indicated on the form, you may be contacted in due course by an MCA Medical Assessor.

If you have any questions regarding the completion of this medical report please contact us on 0203 81 72835 or by email at seafarer.s&h@mcga.gov.uk

It is your personal responsibility not to work when you are temporarily unfit to do so because of illness or injury. You must therefore tell the issuing authority (MCA or RYA), if during the validity of your ML5 certificate, you suffer from or develop any of the following:

- a) a serious health problem or injury where you do not fully recover;
- b) any of the conditions listed below:
 - · epileptic seizures or sudden disturbances of consciousness
 - · myocardial infarction (heart attack) or heart surgery
 - · problems with heart rhythm
 - · disease of the heart or arteries
 - uncontrolled blood pressure
 - · diabetes requiring insulin treatment
 - stroke or unexplained loss of consciousness
 - head injury with continuing loss of consciousness
 - Parkinson's Disease or Multiple Sclerosis
 - mental or nervous problems including anxiety or depression
 - alcohol or drug dependency problems
 - profound deafness
 - serious deterioration in vision or long term eye disease

c) any other disability or illness (mental or physical) which affects your fitness to work, in particular to navigate safely and to be able to undertake emergency duties. For instance if you have diabetes and your treatment changes from diet or tablets to insulin.

Your BML/RYA endorsement will not be valid during your illness and you will need to obtain a new ML5 report/certificate once you have recovered in order for your licence to be reinstated.

Those not requiring a BML or RYA Endorsement do not need to have their ML5 certificates endorsed by the RYA or MCA Marine Office, but should retain them for inspection as necessary, noting the validity.

PART D - MEDICAL REVIEW - to be completed by the APPLICANT (where appropriate) Notes for the applicant - Incomplete or missing information will delay your application. ANY FORM SENT FOR REVIEW SHOULD NOT BE MORE THAN 3 MONTHS OLD AT THE TIME OF APPLICATION. 1. If there are ticks in any "YES" box in Section B, or if the Doctor has made remarks in Section 9, they cannot complete the ML5 certificate, and the MCA Marine Office/RYA cannot issue your BML/RYA endorsement. However, in these circumstances you have the right to have your case reviewed and the MCA Marine Office or RYA (only for RYA) Commercial Endorsement applicants), can refer your form to an MCA Medical Assessor for a decision based on your fitness to undertake your work on a boat. 2. For the purposes of medical review, you may wish to provide further information regarding your fitness to hold a BML/RYA endorsement. This may include medical evidence from your GP, a specialist consultant or optometrist as appropriate. Medical evidence should be submitted with this form to your local MCA Marine Office or the RYA in an envelope marked "Private and Confidential" for forwarding to the MCA ML5 Medical Assessor. 3. The Medical Assessor may speak to your GP or specialist, rather than requesting written reports for which you would have to pay. Telephone calls often allow for evaluation of your health issues and the nature of your work. 4. Based on the evidence you have provided the MCA Medical Assessor will decide whether or not to issue an ML5 medical certificate. It will then be for the MCA Marine Office/RYA to decide whether the BML/RYA endorsement can be issued.
