

HARBOUR MASTER'S NOTICE

1 of 2022 issued on 04 April 2022

Public Notice

Following the winter storms, the far end of the Breakwater between “Tommy’s Pit” and Barrel Rock has sustained some damage. Subsequently, “Tommy’s Pit” has developed a leak resulting in the water level being significantly reduced.

Harbour users are advised not to walk/stand on this area or jump into “Tommy’s Pit” from height.

Cornwall Council are aware of this issue and are seeking guidance from contractors regarding a possible solution.

Paul Vincent
Bude Harbour Master
