

PENZANCE HARBOUR

LOCAL NOTICE TO MARINERS No. 1 of 2024

Broadcast of vessel movements on VHF 12

Notice is hereby given that in order to ensure safe operation and movements around Penzance Harbour it is now a requirement to broadcast, on VHF Ch 12, a notice to all of the vessel's intentions. This broadcast is required to be carried out by all vessels over 15 metres LOA, safety boats, and all commercially operated vessels.

The broadcast should be made prior to letting lines go from the quayside for departing or moving vessels and on approaching within 0.5 nautical miles of the Lighthouse Pier.

The broadcast should carry with it the following information:

- Vessel's name and callsign
- Intended movement including berth names where applicable.
- Anticipated time of movement.
- Any limitations on the vessel's manoeuvrability.

This broadcast might not be acknowledged by Penzance Harbour as the office might be unattended, but it ensures all vessels operating within the harbour area are aware.

All vessels should be monitoring VHF Ch 12 and 16 when in or near Penzance Harbour.

Date 28/03/2024
