

BUDE HARBOUR HARBOUR MASTER'S NOTICE Notice No. 2 of 2026

Temporary Closure of Bude Sea Lock

River Levels have now reduced below -0.086 on the River Neet at Helebridge, the water abstraction point for the Bude Canal system. In accordance with the 'Bude Canal and Harbour Water Levels Management Plan' we are now in a 'Low Abstraction Regime'.

With bank repairs ongoing between Rodds Lock and Whalesborough Lock the middle pound is at a reduced level the decision has been made to temporarily close the Sea Lock to Navigation. The outer lock gates were successfully swung ahead of this closure (no sluicing).

The situation will be monitored and reviewed daily.

Date: 27/05/26
